INFORMAZIONI TECNICHE TECHNICAL INFORMATION

- sezione pilastro 700x122 mm
- sezione trave 700x320 mm
- dimensione massima 500x640 cm
- struttura interna profili in acciaio lavorato con trattamento di zincatura a caldo
- cover esterne in lamiera zincata, tagliata e piegata al laser
- verniciatura a polveri epossidiche a base di resina poliestere, resistente ai raggi UV
- possibilità di personalizzazione della verniciatura (con riferimento alla cartella colori RAL) previa approvazione dell'ufficio tecnico
- tende a bracci estensibili, motorizzate, dotate di telecomando ed anemometro di sicurezza per la chiusura automatica in caso di vento con velocità superiore ai 18 nodi
- tende in tessuto ACRILICO tinto in massa, altezza 120 cm, cucito, disponibile in n°9 colorazioni standard
- led strip dimmerabili, dotate di telecomando, integrate nel controsoffitto del trave
- pillar section 700x122 mm
- beam section 700x320 mm
- maximum size 500x640 cm
- internal framework in steel profiles worked with hot dip galvanizing treatment
- external cover in formed, laser cut, galvanised sheet
- epoxy powder coating resin polyester, UV-resistant
- customized powder coating available in other RAL color on request (prior approval of the technical office)
- electric folding awning arms, motorized, equipped whit remote controller and anemometer for automatic closing of the awning in case of wind stronger than 18 knot
- awning in ACRILIC dyed solution, widht 120 cm, sewn, avialable in n°9 standard colors
- dimmable led strips, equipped with remote controller, integrated in the false ceiling

ACCESSORI OPTIONALS

A
fissaggio al suolo alternativo con predisposizione di n° 4 fioriere, due per pilastro, per inserimento carico di contrappeso

B
fissaggio al suolo alternativo con predisposizione di n° 4 panche, due per pilastro, dotate di cuscineria, per inserimento carico di contrappeso

C
strisce LED dimmerabili, integrate nei terminali delle tende e dotate di telecomando

D
strisce LED dimmerabili, integrate nella superficie interna delle colonne e dotate di telecomando

E
impianto audio personalizzato completo di diffusori audio, amplificatore e network audio player

A
fixing to the ground with set of n° 4 planters, two for pillar, for insertion of counterweight load

B
fixing to the ground with set of n° 4 benches, two for pillar, completed with pillows, for insertion of counterweight load

C
dimnable LED strips integrated in the end of the awning arms, equipped with remote control

D
dimnable LED strips integrated in internal surface of the pillars, equipped with remote control

E
bespoke sound system composed of speakers, amplifier and network audio player
